

2024-2026 UWC SCHOLARSHIP ANNOUNCEMENT FOR TAJIKISTAN

Application Deadline: January 2, 2024

We are excited to announce that the United World Colleges (UWC) scholarship application for the upcoming years 2024-2026 is now open for Tajikistan. UWC brings together students from all over the world to attend an international boarding school regardless of their ability to pay.

This year the UWC National Committee of Tajikistan invites current secondary school students to apply for two-year study programs to obtain an International Baccalaureate Diploma (pre-university degree) at **UWCs in Armenia, the Netherlands, Tanzania and Singapore**.

Eligibility criteria:

- ❖ Applicants must be **citizens*** of the Republic of Tajikistan.
- ❖ Applicants must be in their final year of secondary school (**11th grade**) during the application process.
- ❖ Applicants must be at least **16 years old** as of September 1, 2024.
- ❖ Applicants should have **basic fluency in English** to attend the program.
- ❖ Applicants are expected to have good academic records and a proven dedication to the UWC mission.
- ❖ Applicants who have never studied abroad are encouraged to apply.

**We accept refugee applicants, but as with all scholarship recipients, we can only offer informal support with visa processes and do not guarantee additional financial assistance if you are selected.*

UWC values diversity highly. Therefore, the National Committee will consider factors such as geographical representation, gender and socio-economic background when finalizing scholarship recipients.

Please note that while scholarships are up to fully-funded (depending on family income), families may still have to contribute to **additional expenses** such as travel and pocket money.

How to apply:

To apply for a scholarship, go to www.apply.uwc.org/prog/tajikistan and complete the online application. You must first register an account and fill out your personal information to gain access to the UWC Tajikistan National Committee application form.
